3 COMPUTERS FOR $3415.99

NEW

----- connecting you with the best solutions
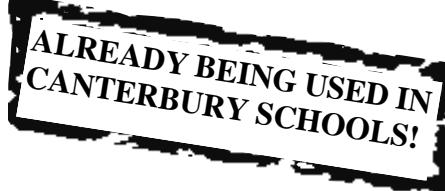

NEW SOLUTIONS!!!

All prices Ex G.S.T. & Freight .
Only while stocks last. Valid 7 Days.

Straight from the Importer!

Do you need a pod of computers in a class or area that :

- ♦ **Take up less space,**
- ♦ **Cost less than $3000**
- ♦ **Are easier to move**
- ♦ **Are easier to maintain**

ALREADY BEING USED IN CANTERBURY SCHOOLS!

Expanding Internet Access, Audio and Appliances

Our customised Archie (NZ Nationwide Builder) and Applica Multi-media Solutions gives you three PC's that can be hooked onto a network if required, or can sit as an independent pod of computers hooked up to a printer.

Many schools are purchasing second hand equipment to give their pupils increased access to ICT, but this solution gives you equipment at similar pricing that is modern, effective and much easier to maintain than even three 'new' P.C.'s.

It comes about through the revolution in thin-client technology from Applica that allows us to give you the 3 in 1 solution that means:

Pupils can surf the Internet simultaneously

SPECIAL OFFER

We can supply Applica units pre-installed in a system **or install in your existing computers**. Use these in:

- The library for a cheaper browsing terminal
- In the class giving more PC's that pupils can use
- In the Office for that 'extra' PC
- Attached to the 'teachers resource' computer to give teachers improved access to technology

1 x Archie AMD K2 500, 128 MB Ram, 40x CDRom, 10 GB HDD 7200 rpm + 2 Applica Units with 15" Monitors + keyboard + Speakers + mouse for just $ 3415.99

More Info? **Be up to date!**
